SUBSCRIPTION PROCEDURE

Minimum subscription amount

The minimum subscription amount is EUR 100,000. Following an initial subscription for the minimum subscription amount, an investor may make subsequent subscriptions in amounts of EUR 25,000 or more. The Fund Manager may decide, at its absolute discretion, to lower this subsequent subscription amount in individual cases.

Issue of Units

The Fund may issue a new Series on each Transaction Day at EUR 1,000 per Unit. The initial offering period has ended on June 29, 2018. Fractions of Units may be issued, up to four decimals.

No subscription fee is charged by the Fund or the Fund Manager.

Subscription application (at least two (2) Business Days prior to the Transaction Day)

Applications for the subscription of Units should be submitted to the Administrator at least two (2) Business Days prior to the desired Transaction Day. To subscribe, the subscription form must be completed which can be requested from the Administrator by e-mail. The application for subscription should indicate the amount in EUR for which subscription is applied. By signing the subscription form, the prospective Unit Holder agrees to be bound by the contents of the Information Memorandum. Completed and signed applications are irrevocable once received by the Administrator. Upon issuance of Units in satisfaction of an application, the Administrator will confirm the number and value of the Units issued.

By submitting a completed and signed application, each applicant agrees that all information and/or documentation in relation to their participation in the Fund, such as know-your-customer information and/or documentation, may be provided to any of the Fund's service providers (as listed under the section Addresses of the Information Memorandum) upon their request and on a confidential basis.

Payment (at least two (2) Business Days prior to the Transaction Day)

Payment is possible only through a cash account in the name of the Unit Holder with a credit institution with a registered office in a country which is a member of the FATF or a country considered as having equivalent anti-money laundering systems in place as FATF members (countries which are members of the FATF are, for example, most member states of the European Union, the European Economic Area and the Organisation for Economic Co-operation and Development). If payment is made from another country, the subscription may still be accepted by the Fund Manager at its sole discretion. The subscription amount must be received in the account of the Legal Owner at least two (2) Business Days prior to the relevant Transaction Day. No interest will be paid over the subscription amount for the period between the payment of the subscription amount and the issuance of Units. The interest which is accrued benefits the Fund.

At the sole discretion of the Fund Manager, a Unit Holder may be allowed to pay the subscription amount in kind, if (i) the Fund is allowed to invest in the financial instruments that are transferred to the Fund (as stated in the Fund's investment restrictions section of the Information Memorandum), (ii) the transfer of the financial instruments takes place at the value of those financial instruments on the applicable Valuation Day and (iii) the transfer of the financial instruments to the Fund and the further process regarding the subscription in kind does not entail any additional fees, costs and expenses for the Fund. The Administrator may request additional information and/or documentation in relation to such a subscription in kind.

Consequences if subscription application or payment are not received in time

If either the relevant completed and signed subscription form or the payment of the subscription amount has not been received in a timely manner, the application shall be held over to and the Units shall be issued on the following Transaction Day. Nevertheless, if both the completed and signed subscription form as well as the payment of the subscription amount are received before the earlier Transaction Day, the Fund Manager may, but is not obliged to, permit in such case the issue of Units on the earlier Transaction Day.

Under exceptional circumstances, and only in the interest of the Unit Holders, the day on which the subscription will be effectuated and Units will be issued may be different from a Transaction Day. In that case, the Valuation Day will be the Business Day preceding such other Transaction Day. Unit Holders concerned will be notified by the Fund Manager.

Rejection or (temporary) suspension of subscription

The Fund Manager may reject or (temporarily) suspend subscriptions if:

- a) the calculation of the Net Asset Value is suspended;
- b) the Fund Manager considers that subscription would be contrary to applicable laws or regulations;
- c) the application of the legally required know-your-customer procedure gives, in the Fund Managers' opinion, reason for such rejection or (temporary) suspension;
- d) the Fund Manager is of the opinion that (i) there is a reasonable expectation that accepting the subscription would be contrary to the interests of the existing Unit Holders or (ii) investing the amounts received would be, considering market conditions, irresponsible or impossible; or
- e) it has been decided that the Fund will be liquidated and dissolved.

Furthermore the Fund Manager may at any time reject an application for any other reason. In case of rejection, the Fund Manager will inform the respective applicant thereof within a reasonable period and any payments already received will be returned promptly and without interest.

Discontinuation of subscription because of the size of the Fund ("soft close" and "hard close")

If the Fund Manager believes that a further increase in the size of the Fund may reasonably lead to lower returns, it may decide to refuse applications for subscription of new Unit Holders for a certain period to be determined at its discretion (a so called soft close). In such case, new subscriptions by existing Unit Holders remain possible. If the Fund is still growing too fast, the Fund Manager may also decide to refuse subscription applications of existing Unit Holders (a so called hard close).

Background: performance fee and High Water Mark

The Fund Manager is entitled to a performance fee in respect of a Series if and as far as, as a result of an increase in the Net Asset Value of such Series, the High Water Mark of such Series is exceeded. A High Water Mark is used in order to achieve that Unit Holders do not pay a performance fee on the increase of the Net Asset Value of a Series until losses previously incurred have been compensated by subsequent increases of the Net Asset Value of that Series. In order to prevent certain imbalances for individual Unit Holders and the Fund Manager, the performance fee will be calculated by the Administrator in a way which ensures that, regardless the date of issue or redemption of Units, the performance fee is only charged on the real increase of the Net Asset Value in respect of such individual Unit Holders.

Conversion Units of a Series of which the Net Asset Value equals the High Water Mark will be converted into Units of the Lead Series.
